1 Introductory Statement

- 1.1 This Accessibility Plan (**Plan**) has been drawn up in consultation with the Senior Operations Manager and SENDCo of the Academy and covers the period from January 2024 to January 2027. The plan is available in large print or other accessible format if required.
- 1.2 The plan takes account of the Academy's public sector equality duty set out in section 149 of the Equality Act 2010.
- 1.3 We are committed to providing an environment which values and includes all pupils, staff, parents and visitors regardless of their educational, physical, sensory, social, spiritual, emotional and cultural needs. We are further committed to challenging attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

2 Background

- 2.1 The Academy's layout and facilities
- 2.1.1 The Academy is committed to making reasonable adjustments to allow disabled pupils to access educational provision at the Academy. The Academy occupies 2 floors with a lift to the first floor. The academy has outside spaces which are fully accessible and has disabled toilets and changing facilities. It also has a number of accessible hygiene rooms.
- 2.1.2 We plan, over time, to increase the accessibility of provision for all pupils, staff and visitors to the Academy in the following areas:
 - increase the extent to which disabled pupils can participate in the Academy curriculum
 - improve the physical environment of the Academy to increase access to education by disabled pupils
 - improve the delivery of information to pupils, staff, parents and visitors with disabilities.
- 2.1.3 Attached are three action plans relating to the above. These will be reviewed as and when necessary. It is acknowledged that there will be need for ongoing awareness training for all staff in the matter of disability discrimination and the potential need to inform attitudes on this matter.
- 2.1.4 The Accessibility Plan should be read in conjunction with the following policies, strategies and documents:
 - Academy prospectus
 - disability equality scheme
 - equal opportunities policies
 - health and safety policy
 - special educational needs policy

- 2.1.5 The Plan will be monitored through the Academy Council. There will be a full review of the Plan in January 2027 when a new Plan will be produced to cover the next three years.
- 2.2 Welcoming and preparing for disabled pupils
- 2.2.1 Where it is practicable to make reasonable adjustments to enable a prospective pupil to take up a place at the Academy and to satisfy the current admissions criteria, the Academy is committed to providing those reasonable adjustments.
- 2.2.2 In order to meet the needs of disabled pupils, the Academy requires full information. The Academy will ask prospective pupils to disclose whether they have received any learning support, have had an educational psychologist's report or have any disability or other condition of which the Academy should be aware. Where a pupil has an Education, Health and Care (EHC) plan the Academy will work with the Local Authority (LA) who makes and maintains the statement / EHC plan to ensure that the identified provision is delivered in an appropriate manner.
- 2.2.3 In assessing the pupil or prospective pupil, the Academy may need to take advice and require assessments as appropriate. The Academy will be sensitive to any issues of confidentiality.

3 Increasing the extent to which disabled pupils can participate in the Academy curriculum

	Targets	Strategies	Outcome	Timeframe	Goals achieved
Short term	Enable staff to increase their knowledge and understanding of SEND and barriers to learning so that they can adapt the curriculum and plan to meet learning needs of all students.	Continued Professional Development/ Training for staff.	Staff confidence in providing adaptive teaching to meet requirement to support students to overcome personal barriers to learning and access our broad and balanced curriculum.	Ongoing	Flexible approach to curriculum that enables all students to have their personal learning needs met and for them to access the National Curriculum at KS3 and KS4. Positive progress 8 scores and good attainment made by SEND E and SEND K students in KS4 examinations.
Short term	All students to have access to appropriate technology to support their learning.	A member of SEND staff (LSA) deployed to provide ongoing management of the Academy's remaining DfE (distance learning/ Covid) allocated laptop estate. Implementation of an Assistive Tech (AT) focused Digital Literacy SoW delivered as a provision and regularly updated in-line with technological/ AT	Students who have specific learning barriers can utilise technology to become more independent learners.	Ongoing	Students able to access lessons independently and produce work that reflects their aspirational outcomes. More students using AT as their usual way of working to support positive progress 8 scores and good attainment made by SEND E and SEND K

		advancements in software and pedagogy.			students in KS4 examinations.
Medium term	Classrooms to be organised in a way that is suitable for all learners with a physical, or sensory, disability or impairment.	All staff to make changes or arrange a timely change to their teaching environment if they identify any barriers for individual students.	All students can access learning in all their allocated classrooms and learning environments without it being a barrier to their learning.	Ongoing	Stakeholders report that students are happy and successful in their learning.
		All stakeholders have a responsibility to advocate and share any concerns raised by students themselves or identified through trends e.g., such as teachers liaising with SEND following repeated referrals to ISR when work adequately adapted to meet personal need.			
Medium term	All trips and buildings to be accessible to all.	PFI Staff to audit and maintain classrooms annually and highlight any concerns with the Operations Manager and Principal.	All students are included fully within the academy extra- curricular trips/ activities.	Ongoing	When all students can access all trips and school events using the same transport as peers.
		Trip risk assessment for ensuring accessibility must be completed at least 4 weeks before trip and reassessed the day before just in case there are any changes.			

HLTA trained in additional H&S measures, such as First Aid and manual handling, to specialise in assisting trip leaders that have responsibility for trips where students recognised as having SEND are in attendance. Senior Operations Manager		
and Principal to have an overview of any new buildings/ building work that may impact on the environment for students with physical or sensory barriers.		
All staff organising trips to identify appropriate transport, staffing and any individual student adjustments required by individual students.		

- 3.1 In completing the above action planning we have considered the following questions:
 - do teachers have the necessary training to teach and support disabled pupils?
 - are classrooms optimally organised for pupils with SEND?
 - are lessons responsive to pupil diversity?
 - do lessons involve work to be done by individuals, pairs, groups, whole class?
 - do staff recognise and allow for additional time required by some SEND pupils to use equipment in practical work?
 - do staff recognise and allow for the mental effort expended by some disabled pupils, e.g. lip reading?
 - do you provide access to computer technology appropriate for pupils with disabilities?
 - are there realistic expectations of all pupils?
 - do staff seek to remove all barriers to learning and participation?
 - are pupils encouraged to take part in music, drama and physical activities?
 - do staff provide alternative ways of giving access to experience or understanding for disabled pupils who cannot engage in particular activities, e.g. some form of exercise in physical education?

4 Improving the physical environment of the school to increase access to education by disabled pupils

	Targets	Strategies	Outcome	Timeframe	Goals achieved
Short term	Incorporation of appropriate colour schemes when refurbishing to benefit pupils with visual impairments.	Seek advice from LA sensory support service on appropriate colour schemes.	Some areas are made more accessible to visually impaired children.	Ongoing	Physical environment improved.
Medium term	Have robust emergency and evacuation systems including pupils with SEND; including alarms with both visual and auditory components.	Evaluate and improve current systems for students with hearing impairment and wheelchair users. Clear evacuation systems for visitors with disabilities including those who are visually impaired.	Emergency and evacuation systems are planned and tested.	Ongoing	Physical accessibility increased. Evac Chairs purchased and relevant staff trained.
Long term	If any new buildings or additional building planned, they will be DDA accessible.	Planning will have to show this.	Any new buildings will be DDA accessible.	Ongoing	Physical environment improved.

4.1 In completing the above action planning we have considered the following questions:

- does the size and layout of areas, including all academic and social facilities, classrooms, canteen, library and common areas allow access for all pupils?
- can pupils who use wheelchairs move around the Academy without experiencing barriers to access such as those caused by doorways, steps and stairs, and toilet facilities?

- are pathways of travel around the Academy site and parking arrangements safe, routes logical and well signed?
- are emergency and evacuation systems set up to inform all pupils, including pupils with SEND; including alarms with both visual and auditory components?
- are non-visual guides used, to assist people to use buildings?
- could any of the décor or signage be considered to be confusing or disorientating for disabled students with visual impairment, autism or epilepsy?
- are areas to which pupils should have access well lit?
- are steps taken to reduce background noise for hearing impaired pupils such as considering a room's acoustics, noisy equipment?
- is furniture and equipment selected, adjusted and located appropriately?

5 Improving the delivery of information to disabled pupils

	Targets	Strategies	Outcome	Timeframe	Goals achieved
Short term	Breaking the communication barrier for parents.	Ensuring the availability of interpreters/ appropriate technology at all parental engagement events to include parent consultation meetings. Ensuring written communication is accessible to all our parents.	Increased parental engagement and support resulting in improved student outcomes.	Ongoing	Inclusion webpage, with visual and auditory overview of the SEND policy in video format.
Short term	Ensuring all information is shared in a variety of ways within the classroom.	All information to be presented in written and verbal format with images where needed.	All students can access all information provided.	Ongoing – within two weeks of being made aware of need.	Delivery of learning resources and specialist advice delivered to teachers and staff across a range of CPD platforms E.g., Circle of Teachers; Inclusion Surgery; Whole school CPD.
Long term	Ensuring availability of written material in alternative formats.	Become aware of the services available through the LA for converting written information into alternative formats.	If needed, the school could provide written information in alternative formats.	Ongoing	BMA awareness of Local Offer and work alongside external sensory support for services is strong.

- 5.1 In completing the above action planning we have considered the following questions:
 - do you provide information in simple language, symbols, large print, on audiotape or in Braille for pupils and prospective pupils who may have difficulty with standard forms of printed information?
 - do you ensure that information is presented to groups in a way which is user friendly for people with disabilities e.g. by reading aloud overhead projections and describing diagrams?
 - do you have the facilities such as ICT to produce written information in different formats?
 - do you ensure that staff are familiar with technology and practices developed to assist people with disabilities
