

HIGH STANDARDS, HIGH ASPIRATIONS, HIGH EXPECTATIONS

11th May 2023

Dear Parent/Carers,

Just a short update this week from a few activities around the Academy:

Parent Survey – open now, closes Friday 12th May (though link will continue to work across the weekend. Thank you to those who have completed it already; we would love a few more replies before it closes.

*Reminder - The survey is anonymous and therefore we **cannot** follow up directly on any individual concerns so please do ensure you contact us directly via info@bristolmet.net if you have a specific concern that you require action on.*

[Link Here](#)

Eco Club – I know I highlighted the great work the club had done recently but they have now featured in the Bristol Parent [Bristol Metropolitan Academy Eco Club making an impact - Bristol Parent](#)

Culture Day – last Friday saw our 2nd outing of what we hope to be at least an annual “Culture Day”. Students were invited to wear something that resonated to their sense of identity and belonging. We saw an amazing range of outfits, student performances during social time and some nice food choices by the catering team. We hope to grow this even further for the next outing including much more curriculum focus on the variety of culture, heritage and identity that we have within our community. Around £1000 will have been raised for charity. Thank you to everyone for the support.

I will write again at the end of term. In the meantime I hope the weather I can currently see outside remains for a little longer!

Yours sincerely

Cameron Shaw
Principal
