Homework tasks at Bristol Met

Subject	Tasks
Maths	Homework question tasks/sets will be set weekly on an online platform. You will have one week to complete this online, before it is checked for competition and the next set is published.
Science	For term 1 this will be directed by your classroom teacher. It could involve an online platform too.
English Geography / History / RS / DT / Computing	Using the separate question booklet, divide your homework book page in half-length ways, write the questions out on the left-hand side. First, attempt to answer the questions from memory/your own knowledge. Then use your knowledge organiser booklets to check your answers and fill in the missing ones. Computing and DT have 5 questions and not 10, so you <u>must</u> complete both.
MFL	Find the correct date in the KO and the question booklet. With the list of 10 key words for that week, complete the look – say - cover – write – check method in your homework book. Complete this process for each word/phrase 4 times each.
Music / Art	For music and art, you will have two practical tasks to complete each term for each subject. These will be found in the question booklets and will be checked by you subject teacher.

The page in your homework book for nights with English, History, Geography, RS, Computing and DT should look like this:

1. Date and subject underlined at the top of the page.
